## FEDERALS' SECOND ATTACK FAILS

### ADVANCE OF REBELS IS ORDERED

Fighting Progresses to South of Juarez; El Paso Hears Guns

Medina Make sPlans to Protect City From Approach of Troops

BULLETIN.

EAGLE PASS, Texas, Nov. 25.—A battle between Mexican federals and rebels at Las Vacas, Mexico, opposite Del Rio, Texas, was reported in progress today. It was said each side had 400 men in the field.

EL PASO, Texas, Nov. 25.—At noon today the constitutionalist officers in Juarez reported that the attacking federals had been driven back all along the rebel front and that General Pancho Villa, constitutionalist commander, had ordered a general advance of his men against the federals, declared to be in retreat. An Associated Press representative stationed at the top of a wireless telegraph tower 300 feet high, three miles east of El Paso, confirmed the report that the federals were falling back south of Juarez. He could see the maneuvers with field glasses.

At that hour fighting was still in progress south of Juarez, but the battle had ceased at the town of Zaragosa, which is opposite Ysleta, Texas, twelve miles east of El Paso. The fighting there ceased at the same hour that firing was heard on the rebel front.

REPORTS CONFLICT.

Juarez Salazar, a former rebel general, but now a Huerta commander, was said to be leading the federals at Zaragosa. He had been reported a prisoner several times today, but rebel officials in Juarez declared they knew nothing of his capture. The fighting was heavy at Zaragosa, the roar of artillery being plainly heard in El Paso all morning.

### Gompers to Attempt Strike Settlement

SEATTLE, Wash., Nov. 25.—Samuel Gompers, Secretary Frank Morrison, Treasurer John B. Lenton and Vice-President Dennis A. Hayes and John Mitchell of the American Federation of Labor, departed today for San Francisco, where they have been commissioned by the federation convention to use every means to bring the California Light and Power company strike to an end and gather the seceding electrical workers into the regular wing of the brotherhood. The labor leader also will select a space for the federation exhibit at the Panama Pacific Exposition.

### Senator Perkins Off For Nation's Capital

Senator George C. Perkins, with his daughter, Mrs. Cleveland Baker, and his niece Miss Alma Perkins left for Washington, D. C., this afternoon on the Overland. The Senator was in the best of spirits, and declared himself anxious to return to his work at the national capital. He proposes at once to take up several matters in which he is interested.

### Question of Workman's Bread Who Provides Him His Butter?

On which side is the workingman's bread buttered? The liquor traffic employs only 1 per cent of the labor of the country, and has 4 per cent of the nation's capital invested in its business. If invested in almost any other business, would employ four times as many men.

### WOULD KILL TWELVE CAFES

Public Welfare League Asks Council to Revoke Licenses

Tod & Red's Included Among Dozen to Be Eliminated

Nov. 25, 1913.

To the Honorable, the City Council of the City of Oakland—Gentlemen: At a meeting of delegates and members of the Public Welfare League held November 24, 1913, at 8 p. m., at the Y. M. C. A. building, the following resolution was unanimously passed:

Whereas, It was some months ago definitely promised that the liquor licenses of certain disreputable cafes would be revoked for cause immediately upon the passage of a liquor ordinance providing for the reduction of saloon licenses to 200, and

Whereas, The city council has seen fit to take away only the cafe privileges; therefore be it

Resolved, That the Public Welfare League request of the city council that the licenses of cafes in the accompanying list be at once revoked for cause, and that this request of the league be promptly be made.

The list of cafes under consideration is as follows:

1. E. M. Todhunter and S. E. Gillette, 419-421 Tenth street (Tod and Red's).
2. J. J. L. L., 401 Tenth street (The Lodge).
3. T. J. Flaherty, 550 Seventh street (The Palace).
4. N. Koonses and N. Fundes, 372 Seventh street (The Tavern).
5. Hoffman Grill and Cafe, 430-432 Seventh street (The Hoffman).
6. W. F. Hunt, Ninth and Broadway (The Savoy).
7. Herbert Threlkeld, 442 Eighth street (The Grotto).
8. F. A. Joseph, 532 Franklin street (Frank's).
9. Hyde & Halpin, 509 Eleventh street (The H. & H.).
10. V. E. Bassett, 585 Eleventh street (The Nevada).
11. J. H. Plister, Fourteenth and Broadway (The Heidelberg).
12. T. F. Thayer Co., Inc., 811 Broadway (Thayer's).

Very respectfully yours,  
EXECUTIVE SECRETARY.

Revocation of the liquor licenses of twelve cafes instead of the mere taking away of their cafe or cabaret privileges, was urged this morning in a communication filed with the city council by the Public Welfare League. Heading the list is Tod & Red's cafe in Tenth street, the cafe which the council had exempted from having its cafe privilege revoked.

After pledging themselves to reduce the number of saloons in Oakland to 200, the commissioners were given an opportunity to take a step in this direction by revoking the licenses of a number of objectionable cafes. Instead of doing this the council passed a resolution taking away their cafe privileges, reducing them to saloons. The change was to take effect January 1, according to the original text of the resolution, but at the suggestion of Commissioner Bacus this date was changed to March 1.

ONE CAFE EXCEPTED.

It was also at the recommendation of Bacus that the council eliminated Tod & Red's cafe from the list. (Continued on Page 2, Col. 6)

## MISS WILSON BECOMES BRIDE OF SAYRE

### Weather Lends Charm to Day of White House Days

"Thirteen" Ceremony Is Witnessed by Elite of Washington

Lovely Costumes, But General Effect Follows Simplicity

WASHINGTON, Nov. 25.—In the presence of a brilliant assemblage of distinguished guests, Miss Jessie Woodrow Wilson, second daughter of the President, and Francis Bowes Sayre were married in the famous east room of the White House today.

Miss Wilson, leaning on the arm of her father, and attended by her maids, entered the east room from the main apartment of the White House. On a dais erected before the altar near the east window Francis Bowes Sayre, his attendants and the Rev. Sylvester W. Beach, pastor of the Presbyterian Church, Princeton, N. J., awaited the arrival of the bride.

In almost the very spot where took place the wedding of Miss Nellie Grant and Algernon Sartoris and Miss Alice Roosevelt and Representative Nicholas Longworth, Miss Wilson became the thirteenth White House bride.

The east room presented a magnificent picture, the brilliant gowns of the many fashionably dressed women contrasting with the sombre black of the frock coats of the senators, diplomats, representatives and friends and relatives of the Wilson and Sayre families.

Velvet and plush cords roped off the room into sections and formed an aisle along which the bride party proceeded to the altar. A group of choir boys took the place of the Marine band, which played the wedding march for Miss Roosevelt. None of the guests was seated.

HANDLING INVITATIONS.

Invitations were handled in a most typical of President Wilson. Washington residential society, which received great recognition at the hands of Colonel Roosevelt, was almost totally ignored. The reason given for this was the fact that Miss Wilson and the members of her family have not been in Washington long enough to become extensively acquainted. Besides the diplomatic corps, some of the leading members of the senate and the house, the members of the President's cabinet, the members of the Supreme Court and a few department and bureau heads, almost all of the guests were personal friends of the Wilson and Sayre families. Many of the guests had never been in Washington before and were totally unacquainted with either residential or official society here.

The wedding presents, valued at more than \$100,000, were distributed through the spare rooms of the White House, but were kept under the watchful eyes of a score of secret service men. Every precaution was taken to protect the President's family and the wedding guests. Secret service men were freely scattered through the White House and about the grounds of the executive mansion.

MANSION GUARDED.

Every entrance to the White House grounds was guarded by a line of police. Guests on arrival passed through a parallel line of police at the main entrance and those having invitations or authority were permitted to enter.

From early morning a crowd had surrounded the White House, standing close to the great iron railings, in hope of catching a glimpse of Miss Wilson and members of the wedding party. Policemen kept an open lane to the porte cochere of the White House.

As the guests arrived the White House ushers escorted them to the places assigned them in the east room. At the Roosevelt wedding guests were placed in the order in which they arrived, with the result that many important official guests were all but offended. Not so today, however. The space division of the east room left a place for each guest.

In the bride party as Miss Wilson entered the room, besides President Wilson, were Miss Margaret Wilson, eldest daughter of the President, who was maid of honor for her sister; Miss Eleanor Randolph Wilson, youngest member of the presidential family, and the several girlhood friends of the bride who had been selected as bridesmaids.

THE BRIDESMAIDS.

Miss Mary G. White of Baltimore was a chum of Miss Wilson at Goldsmith College, Baltimore; Miss Adelaide Mitchell Scott, daughter of Professor Mitchell, was a girlhood friend of the bride; and Miss Marjorie Brown, daughter of Colonel F. T. Brown of (Continued on Page 4, Col. 1)

## MOTT CRITICISES BOARD; THREATENS MANDAMUS

### Water District Election Starts Row at Today's Meeting of Supervisors

Threatening immediate mandamus proceedings to call the proposed metropolitan water district, designed to furnish an adequate water supply for the city, Mayor Frank Mott today held on the matter of calling the election for the Alameda county district to be held for the protection of Washington township. This was set for December 30. Mott asked that the same time. When this was refused the mayor, angered, launched a bitter denunciation on the board and for it.

## BRADLEY CONFESSES HOLDING UP OFFICER

Robert Bradley, convicted murderer of Special Officer J. A. Williams, confessed today in the county jail to Deputy Sheriff Jack Collier that he was the man who had held up Police Officer James A. Gunter at Twenty-second and East Twelfth street, on the morning of October 15 last, relieving him of his revolver, handcuffs and a bicycle. In his confession Bradley implicated Fred Newman, who is now a prisoner in the city jail, as a party to the hold-up. Bradley did not know beyond the fact that he is on parole from San Quentin.

## TO GATHER IN GATHER AT RIOTERS' TRIAL

### Organization's Members Pouring Into Yuba County

May Attempt to Free the Defendant Implicated in Hop Troubles

WITH members of the I. W. W. gathering in large numbers in the vicinity of Redding, Marysville and Wheatland, citizens of Yuba county, are in a state of terror and have commenced to arm themselves in anticipation of serious trouble occurring when the trial of "Blackie" Ford, accused of implication in the murders attending the Wheatland hop fields riots of August 3, commences before Superior Judge E. P. McDaniel at Marysville on December 2.

The authorities, including District Attorney E. B. Stanwood and Sheriff Geo. H. Voss, are greatly alarmed over the situation and are preparing to cope with what is believed to be an impending effort to free the defendant by force of arms, by constant co-operation with the Bureau detective agency, which has collected alleged incriminating evidence against the defendant and which has been in close surveillance of the case since the beginning.

Through the Burns agency District Attorney Stanwood was notified that there has been a concerted influx of I. W. W. members into Yuba county and adjacent territory for many days. They have been gathering, it is said, in large numbers in towns within a radius of 50 miles from Marysville, the setting for the trial of "Blackie" Ford.

Large forces of detectives and armed guards are preparing to attend the trial also, in hopes of thwarting any demonstration or actual attack.

## BURGLAR SURPRISED BY SOCIETY WOMAN

### Mrs. Sydney W. Smith Has Strange Adventure With Thief

Mrs. Sidney Wilbur Smith, charming society matron of Vernon street, Oakland, who is frequently heard at club and church affairs, had an encounter with a burglar last night. The young matron did not realize at once that the intruder, whom she found in her back garden, was a thief, until she questioned him with unsuspecting directness as to his business on the premises.

By the time Mrs. Smith realized that the man was a burglar he had made good his escape, and after telephoning to the police, who made no effort to apprehend the man at that time, she continued her preparations for a luncheon, at which she was due when interrupted by the sounds in the basement of her home.

Investigation showed that the man had gotten away with several umbrellas and a goodly supply of food, and had made an attempt to break open a chest of tools. The house contained sections of great value that would have helped out "weary Willie" for some time to come.

## Mrs. Millie C. Drown Pleads 'Not Guilty'

"You are charged with the crime of murder," spoke Clerk L. A. Rudolph in the criminal department of the Superior court before Judge Donahue this morning during the arraignment of Mrs. Millie C. Drown, on a charge of murdering her husband, Archer C. Drown, in their home, 725 Bond street, on October 24. "What do you plead, guilty or not guilty to the charge?" the clerk continued. "Not guilty," she answered in a sobbing voice, her words drifting into a loud wail. Staggering backward she almost swooned into the arms of Matron White. Her screams were so piercing that her counsel, Attorney A. L. Tracy, was forced to assist in quieting her. She was told to continue with the arraignment.

## Good Cheer Aids Digestion of Food

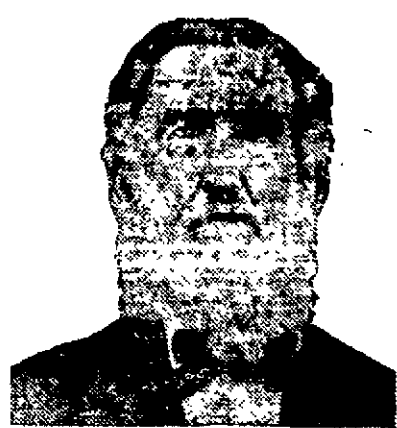

Dyspeptics Can Make the Rest of the Family Happy by Using a Laxative-Tonic.

The temper of the family and the good cheer around the table depend so much on the good digestion of each individual present that the experiences of some former dyspeptics who overcame their trouble should be of interest to those now suffering in this way.

The best advice one can give—but it is advice that is seldom heeded—is to eat slowly and masticate each mouthful carefully. However, if slow eating and careful mastication fail the next aid is one close to nature, Dr. Caldwell's Syrup Pepsin. This remedy is an excellent digestant, and in addition to helping in the digestion of the food, acts gently on the liver and bowels, ridding them of the accumulation of waste that should long ago have been passed off. It is safe, reliable, pleasant-tasting, and results are guaranteed.

Maj. S. Martin, of Joplin, Mo., now has helped him to a longer and happier life. He has not felt so good in years as he has since taking this excellent medicine, and in spite of his 77 years he says he feels like a boy.

It is the ideal remedy for indigestion, no matter how severe; constipation, no matter how chronic, bloatness, headache, gas on the stomach, drowsiness after eating and similar annoyances.

MAJ. S. MARTIN.

up Pepsin at any drug store for fifty cents or one dollar, the latter size being bought by heads of families already familiar with its merits. Results are always guaranteed or money will be refunded.

When you use Syrup Pepsin you take tablets or of taking cathartics, salts, pills and similar drastic medicines. Unlike these, Syrup Pepsin does not lose its good effect, and by automatically training the stomach and bowel muscles to do their work, soon restores these organs to normal. Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address will be sent.

## I. W. W. THREATEN TROUBLE AT TRIAL

Assemble at Marysville Prior to Hop Rioters' Court Appearance.

(Continued From Page 1)

tempt to storm the courthouse and rescue the prisoner.

1000 ASSEMBLED. According to reports received in Oakland today, there are nearly 1000 members of the I. W. W. already gathered in Yuba county.

It is said that arms have been freely distributed among them and that there is an ugly feeling toward the authorities on account of the stand taken against their organization at the time of the Wheatland riot when four men were killed and four others seriously wounded.

Among the dead were District Attorney E. T. Maxwell, who fell with the first fusillade of bullets fired

pickers. Deputy Sheriff T. Reardon, S. Donnelly of Sacramento and an unidentified negro, who was later buried in the potter's field.

Sheriff George H. Voss was seriously wounded, having been shot through the arm. Deputy Sheriff Andrews and two other members of the posse which had been hurriedly summoned from Marysville in an automobile when the riot gained sudden headway, were also among the wounded.

TROUBLE AT RICHMOND. That there is cause for serious alarm on the part of the Sacramento citizens was made manifest several days ago when a party of eight alleged I. W. W. members took possession of vacant houses in Richmond and defied the authorities to remove them. Chief of Police Arnold stormed the place and finally the gang fled, not however, before one of their number had been placed under arrest.

A sinister aspect of the situation is the stand taken by the men who were finally implicated in the riot at the Durst Brothers hop fields, following weeks of investigation on the part of Burns detectives. One of the accused men was captured in Arizona after a long chase. He was arrested by a Burns detective, who had obtained considerable information from the man while disguised as a junk dealer.

H. D. Suhr, one of the rioters arrested by the detective agency, made a confession to Superintendent Munn, while he was being held in the Alameda county jail en route to Marysville a month ago. A man by the name of Wilson, another alleged rioter, committed suicide in the Yuba county jail last week by hanging himself from a beam in his cell with a twist of sheet.

PLOT RESULTS IN RIOT. Trouble between the I. W. W. leaders and J. H. Durst, one of the ranch proprietors at Wheatland, grew out of a disagreement over wages to be paid the hop pickers. Led by "Blackie" Ford and other I. W. W. leaders, a plot to bring the matter to a crisis was hatched.

Suddenly, on Sunday afternoon, August 3, the hands ceased their labors and gathered in a threatening manner at the company's office. They made their demands upon the management unconditionally. They refused to delay a settlement and when several of the leaders grew defiant and threatened personal combat with the ranch officers, word was telephoned to Marysville and a posse led by Sheriff Voss and District Attorney Maxwell sped to the scene in automobiles. The rioters anticipated their coming and formed in ranks to intercept them.

SHOTS FIRED. Before the Sheriff had been given an opportunity to disperse the mob peacefully, some one threw a stone. Then followed a fusillade of missiles, and finally some one in the mob commenced to shoot with a revolver. Men in the posse drew their weapons and as they did so several of their number fell wounded. District Attorney Maxwell was fatally wounded. Several days later the Supervisors of Yuba county appointed E. B. Stanwood as his successor.

A close watch is being kept on the situation during the former riots the Marysville and Sacramento companies of the national guard, under command of Major White of Sacramento, patrolled the field until quiet was restored. The authorities hesitated in the present predicament to appeal to the Governor for troops to stand guard during the trial of "Blackie" Ford, believing that they may be able to cope with their own difficulty. At any rate, the Marysville citizens are greatly alarmed, and it is possible that they will themselves organize into a guard to protect the town from an attack.

COMMISSIONERS IN GUATEMALA. CITY, Guatemala, Nov. 25.—The commissioners of the Panama-Pacific Exposition at San Francisco, Jas. F. Sutsman and Oscar Fernbach, arrived here today. Their visit has aroused great interest in the exposition and the government has given them assurance that Guatemala will be fittingly represented.

## CONFESSES HOLD-UP OF POLICEMAN

Murderer Bradley Implicates a Prisoner in Bold Affair in This City.

the expectation of holding up a card game in the back room of Henry Whittier's saloon. "Bradley told Deputy Sheriff Collier. "The policeman rode up to us on a bicycle and asked us what we were doing there at that hour. I shoved the point of my revolver against his waistband and demanded that he hold up his hands."

OBJECTS TO JAIL. "Don't do me any dirt," the policeman said, and I replied, "I won't do you any dirt, but I am not going to jail." Then Newman searched him and took his revolver and handcuffs. I told him not to take the watch and chain as I always felt that such valuables were a "jinx." Then I promised that we would leave the bicycle further down the street where he could find it, also the handcuffs.

"It had been planned that I was to do the holding up of the card game and Newman was to go through the players while the other man watched the door."

Since Bradley's capture following the holding up of a card game in the back room of a Stockton saloon on October 26, Deputy Sheriff Collier has endeavored to get a confession from him concerning the hold up of Officer Gunter. Recently he learned fuller details of the episode and found that the man who handled the revolver on that occasion held it with both hands, a style peculiar to men who have seen service in the army, as Bradley had. The precaution is taken at close range so that the person on the defensive cannot knock the weapon down.

NOTIFIED POLICE. Collier notified the Oakland police of his suspicions with the result that the number of the revolver taken from Bradley by the Stockton police was obtained. It proved to be the weapon belonging to Officer Gunter.

When confronted with the weapon in his cell this morning Bradley admitted that he was the man who did the job. "After that I was to Stockton," said Bradley. "I used the policeman's revolver in holding up the gambling joint there. I think that it was a 'jinx' all right. When Newman and I parted I gave him \$5 for his interest in the

The fact that he was in Oakland forty-five days after his escape from the county jail on September 1 with Robert Graham, leads the authorities to place some credence in his story told after his capture that he had collaborated with the po-

lice during the period of his freedom, riding on street cars with them and even speaking to Captain Brown in a saloon. Bradley will be sent to San Quentin within the next thirty days, his sentence of life imprisonment imposed by former Superior Judge Ellsworth having been upheld by the supreme court.

Robert Bradley confessed to Deputy Sheriff Jack Collier this afternoon that on the 9th he held up Patrolman Gunter and he had shortly before robbed the saloon of Charles Earle of Boulevard and Thirtieth-second avenue, where he held up six men and obtained \$40 from the bartender. It was after that that the trio, of which Bradley was the leader, encountered Officer Gunter.

SAYS NEWMAN HELPED HIM. Bradley further stated that it was Fred Newman, who is now serving a thirty-day sentence for vagrancy in the city jail, had assisted him on both occasions. The most startling bit of information he gave Deputy Collier this afternoon was that it was Newman who gave information to the Sacramento police which led to his capture in a hobo camp near that city.

With this confession it will be possible for the Oakland police to identify Newman and may lead to charges of highway robbery being placed against him. Bradley said that out of the \$100 reward paid to the Sacramento police by Sheriff Barnett, the capital city officer gave Newman \$20 as his share. Recently the police were criticised by Sacramento papers for not giving the youth the whole amount.

Olive May, a former Frohman star, and Lord Victor Paget, were married on January 17 at the All Saints' church, Norfolk square. Efforts were made to keep the marriage secret. The bridegroom's family threatened to ostracize them.

Later the family decided to at least maintain friendship for the sake of appearances, but the American girl was so charming that they had much ado to maintain this fragile air. Now that the little one has come all is changed. Mother and child are doing well, the little one is adored by the family, and the nobleman's wife has come into her own.

## SETTLE DISPUTE IN LABOR RANKS

Organizations Go Back Into the Fold of Seattle Building Trades.

SEATTLE, Wash., Nov. 25.—The split in the local building trades' council, which has been the cause of many jurisdictional disputes in Seattle during the last two years, was settled last night, when the organizations which were at odds with the Seattle building trades' council, the body recognized by the American federation of labor, affiliated with that body last night.

The organizations which joined the Seattle, Washington building trades' council last night were the Bridge and Construction Iron Workers' local, the Marble Workers' No. 77, the Building Laborers' No. 242, the Tile Layers and Helpers' No. 23, the Elevator Constructors' No. 19, the Plasterers' No. 71, the Engineers' No. 302, the Asbestos Workers' No. 7, the district council of Painters' No. 21, and the Sheet Metal Workers' No. 99. The settlement of the differences between the unions is a direct result of the stand taken by the conventions of the American Federation of Labor last week in ordering seceding unions to submit to the jurisdiction of recognized central councils, or lose the support of the federation.

## A Keen Creative Brain

Has value far above money alone because such a brain can win not only money, but what money often fails to win—SUCCESS.

Brains are built—same as other parts of the body—from the food one eats.

The ordinary diet often lacks certain elements essential to the well-balanced nourishment of both body and brain. Especially is this true of white bread flour, which, to make it white, is deprived of valuable mineral salts in the milling process.

## Grape-Nuts

FOOD

made of finest whole wheat and barley, retains the mineral salts (grown in the grain) and other nutritious elements, and thus supplies perfectly what white flour bread lacks.

This lack is often the difference between a weak body and dull, ineffective brains and the strong, keen, creative kind.

Grape-Nuts comes ready to eat direct from package—fresh and clean. Delicious with cream or good milk.

It is a concentrated, easily digested food, and as the cereal part of the usual meal has helped thousands toward a new and successful life.

Here's a Reason for Grape-Nuts

# EAST ROOM SCENE OF BRILLIANCE

## ARMY, NAVY, DIPLOMATS, PEOPLE

All Classes of Social and Simple Life Represented at Wedding.

Perfect Arrangements Add to Pleasure of Noted Occasion.

(Continued From Page 1)

Atlanta, Ga. is a second cousin of Miss Wilson on the maternal side.

The attendants of the group were chosen from among friends who made at college and in philanthropic work. Dr. Wilfred T. Grenfell, the best man, famous explorer and philanthropist of the Grenfell Mission Labrador, met Mrs. Sayre when the latter on his vacation.

Benjamin B. Burton of New York City, a sumner of Williams College, 1912 Dr. Scoville Clark of Salem, Mass., who Mr. Sayre knew and worked with in Labrador, Dr. Gilbert Horrax of Montclair, N. J., who attended Williams College with Mr. Sayre in 1909 and Charles Evans Hughes Jr. son of Associate Justice Hughes of the Supreme Court.

Among the principal representatives of Washington residential society who attended the wedding were Brigadier General William L. Marshall U. S. A., retired, Mrs. Marshall and their daughter, Miss Estlin Marshall, Colonel Edwin St. John Greble U. S. A. Mrs. Greble and their daughters, Mrs. William M. Estes of Bethlehem, Pa. and Miss Mildred Greble, Miss Ruth Hall, Judge and Mrs. Charles B. Howry, Miss Elizabeth Howry, John T. A. MacNair, Major General James B. Aleshire, U. S. A., Mrs. Aleshire and the Misses Dorothy and Elizabeth Aleshire. All members are friends of the Wilson family and General Marshall and his family are distinguished.

All of the justices of the Supreme Court with their wives and families attended, as did all the members of the cabinet and the speaker of the house and Mrs. Champ Clark, with their daughter, Miss Genevieve Clark. No recognition to official position was made.

In some instances bureau heads received the precious cards because they happened to be acquainted with the bride or groom or some member of their families, while their superiors were overlooked.

**ELABORATE TROUSSEAU**

In point of completeness the bride's trousseau might almost be called elaborate although the individual gowns are not. Miss Wilson's wedding gown was ornamented with rich lace that have been heirlooms for generations in her mother's family.

The gown itself was of a heavy satin of a cream tint but of so delicate a shade as to appear almost white, with a train consisting of three yards of the full width of the satin.

It is interesting to note that being a very potent young thing, the bride's trousseau is almost wholly American made. Some of the gowns were made in Washington some in New York.

It is said that only one gown came from Paris. This is said to fit the wearer in a wedding fashion, long and graceful in its lines. It is of ivory tinted velvet of a soft, flexible quality, falling much as would crepe or chiffon. It is gathered at the waist, from which point falls a long sash of velvet covered from the hem to the waist line in the new shadow embroidery in gold and silver threads. Above the belt there is only a suggestion of velvet, the neck is round and slightly low and the bodice is mostly filled in with shadow lace.

Miss Wilson's bridesmaids wore white of the palest ivory crepe de chine in a high lunge. The trimmings were tulle overdrapes of hydrangea net, the girdles being of a deeper tone and satin. The bridesmaids carried bouquets of orchids and lilies-of-the-valley, tied with flowing ribbons and softly tinted silk.

**OBEY OBTAINED.**

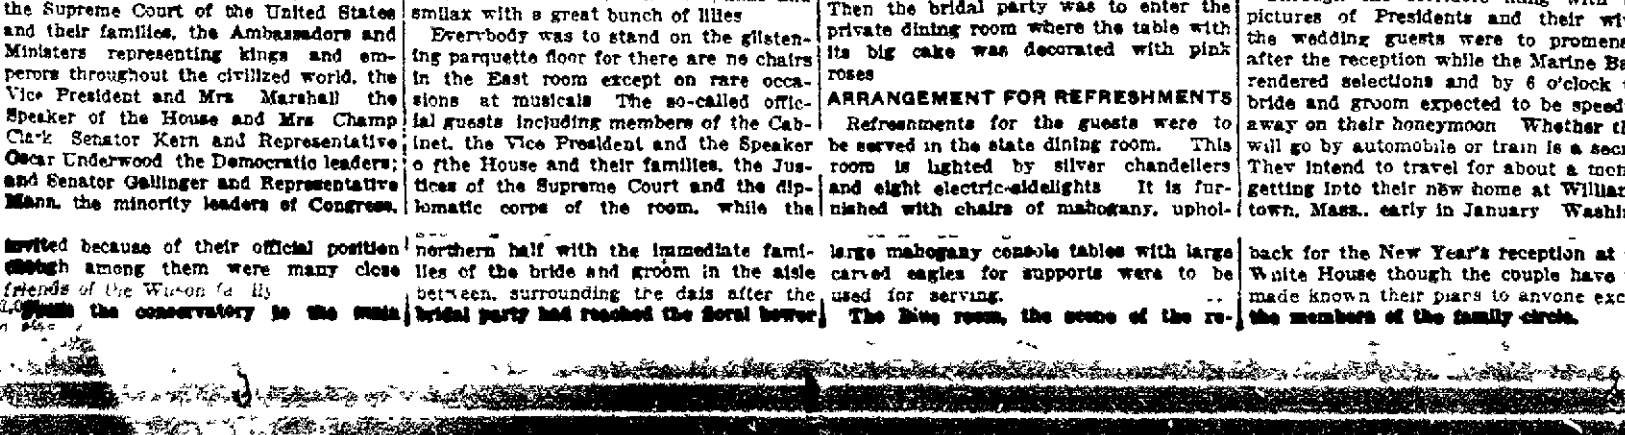

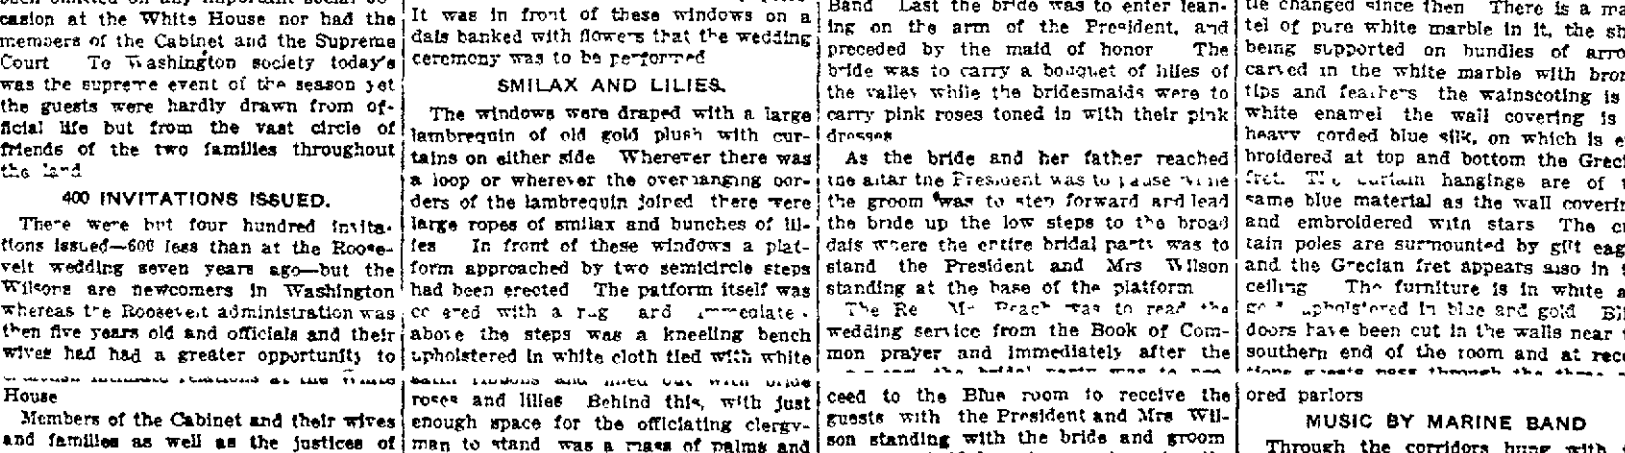

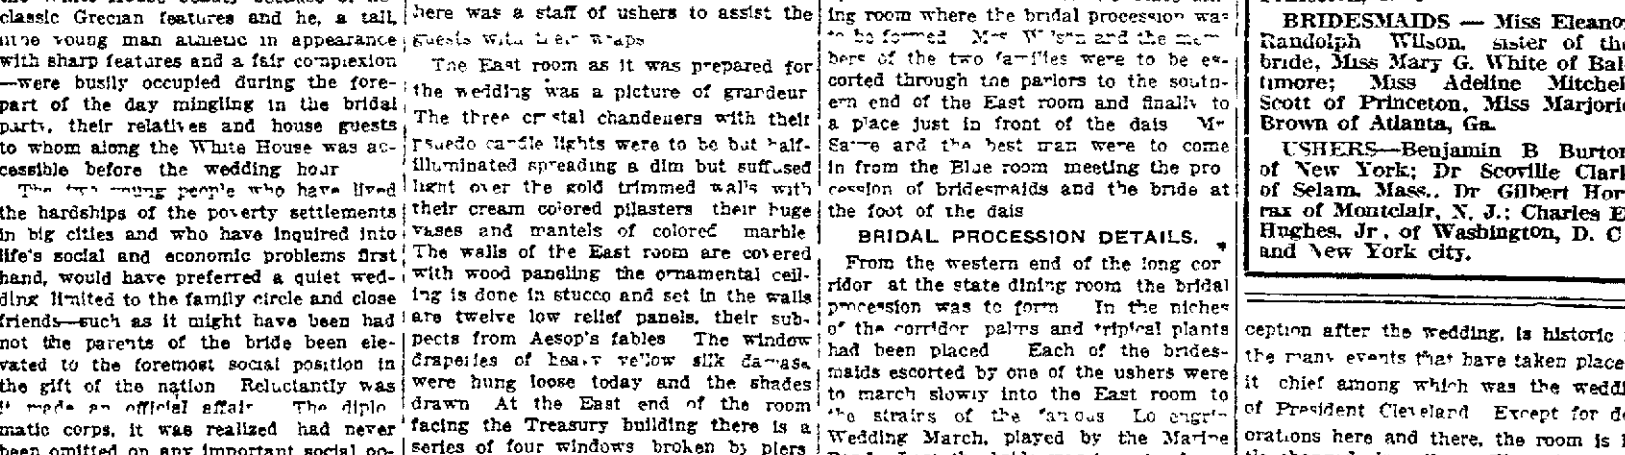

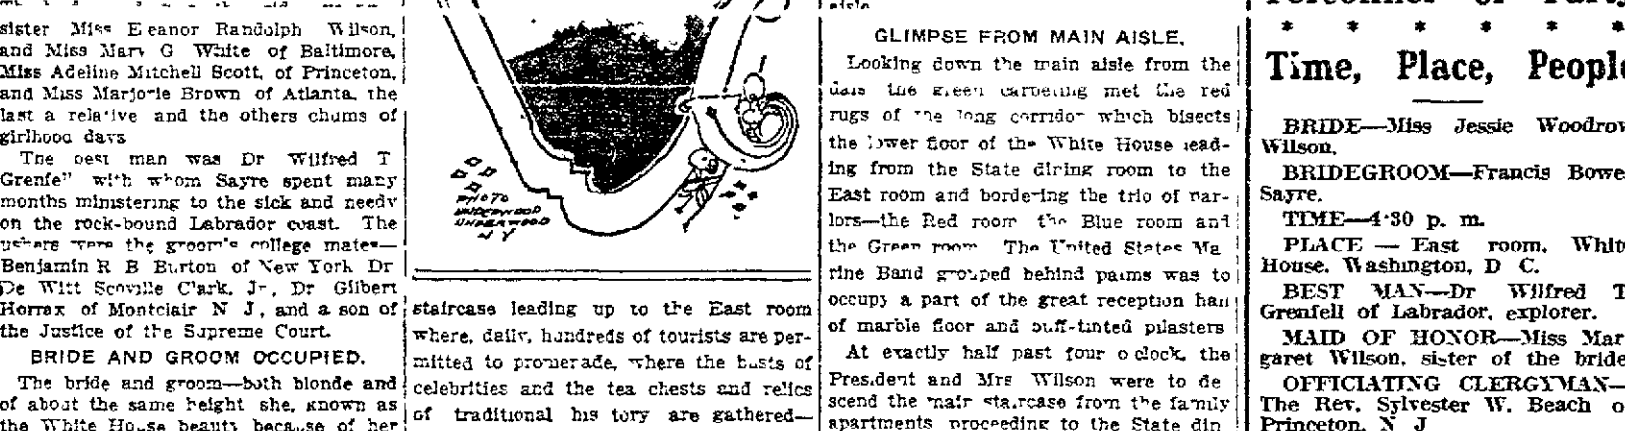

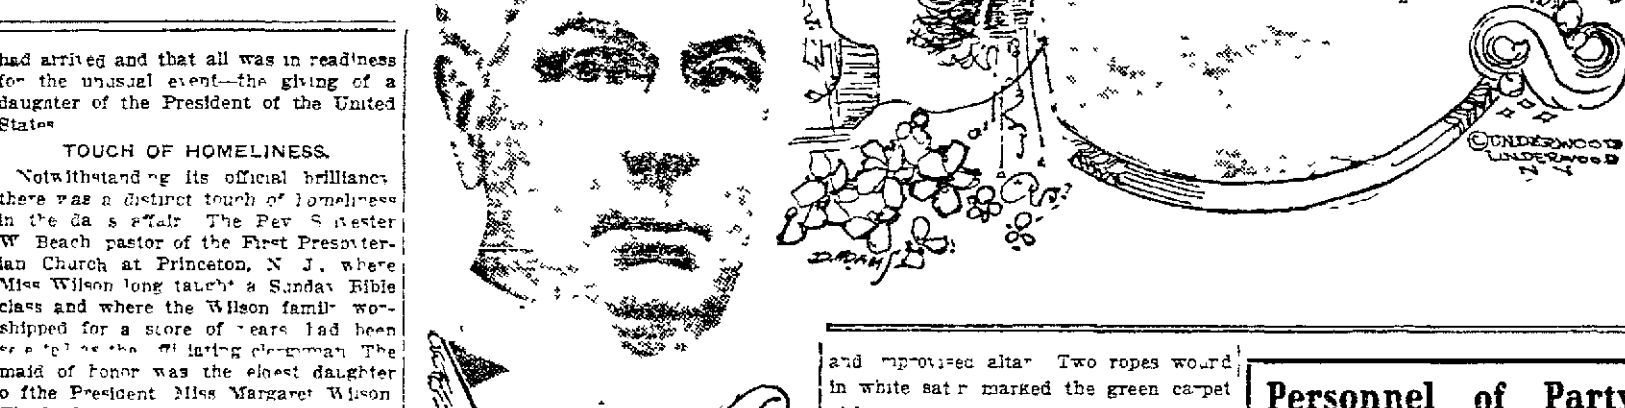

The fact that the word "obey" was omitted from the Sayre-Wilson service attracted some attention, but references in the book of common worship of the Presbyterian church discloses that the word "obey" is not considered in the Presbyterian form as it is in the Episcopal service.

In all love and honor in all duty and service, in a faith and tender love are the words which distinguished the Presbyterian service.

## BRILLIANT GOWNS SEEN AT WEDDING

White House Is Gay in Color as Noted Women Display Latest in Fashions

WASHINGTON, Nov. 25.—Many beautiful and artistic gowns lent color and brilliancy to the White House wedding this afternoon. There had been absolutely no information abroad as to who was asked to the wedding until the fortunate ones had their invitations in hand. ception after the wedding. Is historic for the many events that have taken place in it. Chief among which was the wedding of President Cleveland. Except for decorations here and there, the room is little changed since then. There is a mantle of pure white marble in the shelf being supported on handles of bronze carved in the white marble with bronze tips and feathers. The wainscoting is in white enamel the wall covering is of heavy corded blue silk, on which is embroidered at top and bottom the Grecian fret. The curtain hangings are of the same blue material as the wall coverings and are bordered with stars. The curtain poles are surmounted by gilt eagles and the Grecian fret appears also in the ceiling. The furniture is in white and gold, upholstered in blue and gold. Billiard doors have been cut in the walls near the southern end of the room and at reception guests enter through the billiard room.

back for the New Year's reception at the White House though the couple have not made known their plans to anyone except the members of the family circle.

## OLD FRIENDS IN THE BRIDAL PARTY

WASHINGTON, Nov. 25.—Similar tastes, a devotion to the same ideals, and a desire to dedicate their lives to work of Christian usefulness and social service is the characteristic quality of Miss Jessie Woodrow Wilson and Francis Bowes Sayre, who to-day were married at the White House.

Both have won laurels at college for their studies in political economy and sociological subjects and each has worked among the poor in the settlements of the big cities, familiarizing themselves with life's problems.

A fondness for outdoor sports, a desire to spend more time in the work of social welfare and service rather than in the comforts of the drawing room, and an ambition to live simply and quietly and without ostentation, have developed a mutuality of interest in the young couple aside from their congeniality of disposition.

They have known each other about two and a half years during which time the two families have become intimate as well. The Sayre family is an old Pennsylvania institution with a collegiate and theological trend quite similar to the ancestry of Miss Wilson.

**WILLIAMS COLLEGE GRADUATE.**

Sayre is a graduate of Williams College and Harvard Law School. He has spent his vacations in the sheep ranches of Wyoming, hunting in the Rockies or exploring in Alaska. He counts among his thrilling adventures a hazardous trip across Bering Strait in a 15-ton schooner and has tramped the Canadian woods for days at a time living the hardships of the forest. He has spent some of his summers on the Labrador coast with Dr. Wilfred T. Grenfell, who each year ministers to the sick and needy fishermen there. Dr. Grenfell was best man at the wedding today. The couple have selected a modest little house in Williamstown, Mass., where Sayre is to be assistant to the President of Williams College, Professor Harry A. Garfield, a son of the martyred President, and once a member of the Princeton faculty.

**WAS SETTLEMENT WORKER.**

Miss Wilson, the White House bride of today, was born in Galesville, Ga., 26 years ago, being two years younger than her future husband. But she has lived most of her life in Princeton where her father was for 27 years connected with the University.

## LATEST NEWS FROM RICHMOND

### CONFERENCE ON FERRY PROJECT

Tri-County Committee Meets With Head of Railway System.

RICHMOND, Nov. 25.—Following a conference held yesterday afternoon in San Francisco with General Manager Palmer of the Northwestern Pacific railway the committee named by the Tri-County ferry alliance decided to hold another session in Richmond on next Saturday afternoon when at a luncheon plans for the securing of the services of a traffic expert to submit a detailed statement to Palmer will be outlined.

Palmer was very cordial to the committee which is working for the establishment of a ferry service between the two cities with Marin county but said that he is of the mind of the "Man from Missouri" and desired to be shown what prospective traffic there would be in the operation of a ferry to connect with the Northwestern line. Palmer estimated that it would require about \$250,000 to establish a ferry and to build the necessary slips. It was suggested by Palmer that a Saturday and Sunday ferry service from the Santa Fe terminal in Richmond to Sausalito might do for the business that regular ferry service could be inaugurated.

The committee which attended the two-day conference was composed of Senator James C. Owens, Superintendent R. E. Woods of the Richmond Belt Line Railway, Charles J. Cray and John P. Callahan of Richmond, and Mayor James of San Anselmo and E. B. Rake of San Rafael.

### CANVAS SHACK IS NOT PERMITTED UNDER LAW

RICHMOND, Nov. 25.—The city council some time ago announced that it would allow the erection of no temporary sheds of any kind, and that all provisions of the building ordinance would have to be lived up to by local contractors and property owners. H. May, who thought the order a dead end, and who started to build a canvas with a frame outline for the walls on a lot on Sixth street near Macdonald avenue in the heart of the retail business section, found out to his sorrow today that it is still alive. He was promptly arrested by the local police and is out on cash bail, pending a hearing before Judge William Lindsey, while all further work on his proposed cloth house is declared off.

### RICHMOND WOMAN IS ALLEGED TO BE INSANE

RICHMOND, Nov. 25.—Miss A. M. Downer, an old resident of this city and member of a prominent family of the western section of the county, was taken to Martinez yesterday to be held at the county hospital until she can have an examination as to her sanity, before the county lunacy commission. Attorney Frank M. Smith, who has been representing Miss Downer in several matters relating to her local property holdings, stated this morning that he does not believe she is insane and will fight any attempt to send her to one of the state hospitals. Miss Downer has been caring for her mother, a helpless invalid for the past two years. She is the owner of considerable property in this city.

### COMIC OPERA PRODUCTION DRAWS CAPACITY HOUSE

RICHMOND, Nov. 25.—A capacity house filled the Richmond Theater last evening to witness the production of the popular comic opera, "The Chimes of Normandy," given by the Richmond Choral Society under the direction of Dr. L. A. Martin and James Snee. The part of "Germaine" was taken by Miss Edna Dixon, while Henry Lange, a local banker, was cast to good advantage in the marquis. The amateurs were accorded an ovation and great satisfaction was expressed by the audience over the talent displayed by the cast. The costumes came in for especial commendation.

### CLUB WOMEN RECEIVE DONATIONS FOR BUILDING

RICHMOND, Nov. 25.—So generous have been the donations of local and outside building materials companies to the Richmond Club for the proposed new home for the ladies' organizations to be erected on Nevins avenue near Twelfth street, that the club at its meeting yesterday decided that ground will soon be broken for the new two-story structure. The local cement workers' union has offered to do all of the cement and concrete work free and the Cowell Lime and Cement Company of Concord has been very generous with the necessary cement for the building.

### GRAND JURY DELAYS FILING OF ITS REPORT

RICHMOND, Nov. 25.—The long expected report of the Grand Jury as the present inquisitorial body of Contra Costa county is known was not filed yesterday as anticipated because it was learned that the last minute that the itemized statement from Superintendent William Fought of the county hospital was not on hand. Superintendent Fought had submitted a general statement which he believed would fit in with the figures found in the court house but the jury thought that an itemized statement would be better. Nothing out of the ordinary is expected from the report.

### CITY OFFICIALS UNDER ARREST

Richmond Banker Swears to a Complaint Following the Destruction of Fence.

RICHMOND, Nov. 25.—Charged with malicious injury to a freehold, City Engineer H. P. Chapman and City Attorney D. J. Hall were arrested yesterday afternoon by Constable H. F. Pease of Sausalito on a complaint made to by George Lee, cashier of the Bank of Richmond, before Justice of the Peace W. P. Huber. The arrest of the two officials followed action of Chapman last Thursday, when on orders from the city council he tore down a fence in front of the property of Lee on Crest avenue which had been erected by the city.

Chapman on property which Lee claims is a portion of his lot and which the city claims is a part of the street. Chapman collected the city's money for depositing the cash ball each and it is probable that an early hearing will be held before Huber on the charges which have been preferred by the local banker. A warrant for the arrest of Assistant Superintendent of Streets Frank Welsh was also issued by the city council on the same charge but has not yet been served. Lee today rebuilt the fence which Chapman tore down last week, and Chapman has been ordered to remove it.

In the plans for the improvement of Crest avenue with sidewalks and paving, Lee claims the city included a slice of the sidewalk on the left side of the roadway of the thoroughfare and that the property on which the sidewalks were laid was built in its reality his private property. The city claims that for the past six years this property if it does belong to him has been open to travel and has become a public highway through usage, no effort ever having been made to close it. Surveys both by the city and his private engineers, Lee claims, show that the strip of land in dispute undoubtedly is a part of his lot. Lee D. Windsor, his attorney, and former city attorney, is preparing to file a suit tomorrow for an injunction against the city taking the land in question for its proposed improvement project, and to oppose its action as strenuously.

### There's a Reason For Baldness—But No Excuse For It

How to Prevent Grayness; What to Do if Already Bald.

Neglect of the hair and scalp is the primary reason for baldness in nearly all cases. But the excuse for this is necessarily a poor excuse. A little systematic attention and the use of a really good hair tonic will destroy and prevent the return of dandruff. That, in turn, prevents premature grayness and baldness. Many hair tonics on the market are worthless if not harmful. The SAFE way to your hair is to rub in this tonic at home or have a reliable druggist mix it for you according to this formula: Dissolve 1/2 drachm Menthol Crystals in 4 oz. Bay Rum; then 2 oz. Lardolene. Rub into the scalp with fingers or stiff brush night and morning. This is the best known formula for restoring the hair to its natural color, cleans and beautifies the hair and to stimulate the growth of new hair. One of the ingredients not only stimulates the return of dandruff, but, in turn, prevents premature grayness and baldness. Many hair tonics on the market are worthless if not harmful. ## SEWER SYSTEMS ARE DISCUSSED

City and Sanitary District in Conference Over Joint Outfall Main.

RICHMOND, Nov. 25.—The possibility of the city and the St. George Sanitary District joining in the construction of a main outfall sewer to the bay to serve the two sewer systems—one in the annexed section of the city and the other in the sanitary district, comprising the territory between the city and the county line, has been under consideration by the Engineer H. D. Chapman and the engineers for the sanitary district, but according to the statements made today it is doubtful if such a sewer will be constructed to be used jointly by the two systems. City Attorney D. J. Hall is of the opinion that the proposal for each section desiring a new sewer system may half the cost of a main outfall, would be impossible as far as the city is concerned under the street laws by which it does

## BREAK IN STOCK MARKET DEADLOCK

Temporary Activity, At Least, Is Evidenced in New York.

NEW YORK, Nov. 25.—The strength and activity of the stock market during the morning suggested a possible "break" in the long sustained deadlock. The recent stability of values despite disturbed conditions in business and uncertainty over the Mexican situation, demonstrated that efforts of the bears should be fulfilled. The oversold condition of the market placed the shorts in a vulnerable position as was seen in the case of the steel stocks.

The rise was most pronounced in the high railroad stocks and certain popular industrials, particularly steel. Force was lent to the movement by renewal of foreign buying. While trading was in after a fashion, the first part of the forenoon, values were maintained rigidly at the earlier higher level, which showed advances of one to two points. Bonds were firm.

### Thanksgiving and Christmas.

There are holidays and holidays, but there are two holidays which appeal to all the people all the time in this country—Christmas and Thanksgiving. The spirit of Christmas is the spirit of humanity. It does not appeal to sectarian spirit so much as religious feeling. Hospitality, good will, love of children, benevolence and charity are all expressed in the word Christmas.

Thanksgiving brings to mind the trials and sufferings, also the joys and triumphs, of the Pilgrims who came here to plant their faith and a new civilization in the new world. It is a sort of harvest home festival at which thanks are given for the abundance with which Providence has blessed husbandry. It is devoted to home joys and family reunions. It is reminiscent of the time when the family gathered around the altar in the evening and offered up prayers for the absent, wandering and erring, and gave thanks to the Almighty for preservation. Bobby Burns expressed the spirit of Thanksgiving in his "Cotter's Saturday Night."

In the beginning, a festival, local to New England, its appeal, like the appeal of Christmas is universal and sentimental. We have other holidays, but none invested with an atmosphere that radiates through the heart and so draws human kind together, an atmosphere impregnated with mellow memories and softening reflections. One is symbolic of the race renewing itself, and the other symbolizes the family joys and domestic comfort around the fireside after the crops are garnered and there is surcease from labor during the time the land is held in the grip of winter.

Christmas and Thanksgiving both speak of blazing hearths, of large creature comforts, of generosity, charity, sympathy and hospitality; of warm hearts and generous abundance, of merry greetings and happy reunions. The spirit of both breathes the tenderness of home; it is a tonic to the affections, a stimulant to sentiment and emotion. It is intensely human and broadly sympathetic.

Hence they hold a place peculiar to themselves. The empire they hold over hearts can never be usurped. They will reign so long as parental love stoops over the cradle and affection calls the wandering brood to the home nest.

Henry Lane Wilson, formerly American Ambassador to Mexico, is doing his level best to prove that President Wilson made a mistake in not removing him before he did. Mr. Wilson keeps denouncing the government, which he formerly represented, because it refuses to recognize Huerta, assassin, usurper and tyrant. He was recalled because he was trying to commit the United States to Huerta. Recognizing Huerta would not restore peace in Mexico. The civil war would go on just the same. But we would lose in the respect of mankind by inferentially endorsing usurpation, assassination and tyranny. The ex-ambassador says we have already intervened in Mexico by refusing to recognize Huerta and advising him to resign. Mr. Wilson is always talking for Huerta. Evidently he is more loyal to the Mexican despot than he is to his own country. He is doing his best to aggravate a bad situation and embarrass the government whose commission he abused.

### The Oakland, Antioch and Eastern.

When the Oakland, Antioch and Eastern electric road was projected and sought entry into this city, there were high hopes that the line would come to or near the center of Oakland. Our people had observed the policy of the interurban electric roads toward the Sacramento and San Joaquin valley towns. The Northern Electric trains go through the center of Marysville, alongside the leading hotels, in the midst of the business activity of that flourishing town. It does the same in Sacramento. The Central electric line has its Stockton terminal in front of the fine Hotel Stockton, and within one hundred feet of the head of Stockton channel, in touch with the active and splendid steamer, launch and barge, passenger and freight commerce of that prosperous city. How different the situation in Oakland! The Oakland, Antioch and Eastern line is far away from this city's center, a full block from any of our street railway lines, isolated, inconvenient of access, and of but little service to our people or our trade. We do not know why this is so. We do not know where the fault lies. If with the railroad, it should consult its own interest by a change of its policy and terminal. If it be the city's fault, Oakland should change its policy and by liberal permit and franchise make it to the interest of the railroad to come at once to the center. The line is very picturesque. Its route through the mountains and the valleys around the base of Mt. Diablo is finer in scenery than any other electric line in the State. When the tracks run to their destined terminals it will be most convenient to a large population that has its natural drainage toward and to Oakland. Every day that its inconvenient terminal remains is a day lost to our people and our trade, and no less a day lost to the road. It is time for the parties in interest to get together and bring about a more sensible and more profitable arrangement for all. This is something that may interest at once our Commercial Club and our Chamber of Commerce. Go to it!

John Eshelman, president of the Railroad Commission, is an extraordinary person. "If you will pay your employees decent wages we will listen to what you have to say when you want to increase your rates," was the reply he made to the Pullman Company when it asked leave to charge more for berths. How irrelevant and ridiculous! The Pullman corporation pays about thirty per cent dividends on its nominal capital and something like 150 per cent on the capital actually invested and it compels porters on the sleeping cars to graft on the passengers to gain a livelihood. Eshelman is unreasonable enough to ask the company to pay for the service it contracts to furnish people who patronize its cars. Eshelman is no friend of Big Business. Why should the Pullman Company pay its employees when the passengers pay them? They paid, didn't they? Mr. Eshelman foolishly finds fault with an efficient system which requires the patrons of the Pullman Company to pay the wages of its employees. What a dangerous and unnecessary person he must be? This is the sort of thing that the Board of the Steel Trust thinks is destroying American credit.

Dr. Squires would say:

### Rabbi Nieto's Plea for Absolute Justice.

Rabbi Nieto says we must not stop short of absolute justice. He says charity, philanthropy and humanity are outworn, and nothing will suffice but absolute justice.

Absolute justice, what is it? Who is to administer absolute justice? And where is the code defining it? The law is imperfect because it was made by human beings and administered by men—all imperfect, acting on human impulses and guided by lights which often mislead. Cut mercy, charity and humanity out of our social scheme and the world would be cruel and heartless. Absolute justice is relentless, remorseless. It has no mercy for weakness, frailty and misfortune, and it takes no heed of the conditions under which the human race has worked out its destiny and reasoned out its problems. It is predicated on a state of perfection—a perfection from which the dross of selfishness and the virtue of compassion, alike, are eliminated.

If Rabbi Nieto were asked to define absolute justice, it is more than likely that he would sublimate it with mercy, benevolence, compassion and other attributes which we ascribe to the Creator because we have found them in our own hearts. Forgiveness of sins would have no meaning, if the rule of absolute justice were established. Mercy, leniency, extenuation, repentance, atonement and clemency would likewise be meaningless. We should have an implacable rule which would stifle the noblest emotions in the human heart. Our lives would be ordered by a cold, heartless philosophy which would hold out a helping hand to the stumbling and forbid tempering of penalties with mercy and charity.

Does Rabbi Nieto expect absolute justice at the hands of God? Does he not appeal to His mercy, ask Him for forgiveness and implore Him to have charity for the transgression of his flock? In his prayers he does not ask for absolute justice. Who of us wants it? Who of us expects it? What would be our fate if it were meted out to us?

Sin and sorrow have their uses in spiritual development. Without sin there could be no repentance and no forgiveness, no atonement, no expiation—discipline which has led mankind in blood and tears to the higher altitudes of aspiration and a finer conception of infinity. What do we have faith in? Goodness and mercy—what else? Do we ask the Almighty for absolute justice? Far from it. There would be no need to pray if absolute justice was to be meted out to us. If man were not called on to exercise the virtues of charity, mercy, benevolence, compassion, he would have no conception of the true value of the finest traits with which he has been endowed.

Dr. Nieto is a humanitarian. What he wants is not what he says he wants. Evidently he wants a higher, nobler and more humanizing quality of justice as we understand the meaning of the word, also a more merciful and charitable conception of justice—in short, a purer, less selfish and more altruistic humanity, a closer knitting of the bonds of human kinship and a clearer perception of mutual needs and responsibilities.

What does our friend, the Stockton Record, mean by girding at George A. Knight? He was a Bull Moose in the last campaign, and he was among the absent at the recent reorganization meeting of regular Republicans in San Francisco. He is still an ardent admirer of Colonel Roosevelt and says he will vote for him again no matter what ticket he runs on. Why should the Hon. Bill Flinn of Pittsburg be given the crown of the elect without question and George Knight be barred from the communion?

A moral lecture is a poor substitute for a slice of turkey on Thanksgiving Day. Remember that, and don't forget to drop a coin, if only the price of a beer or a cigar, in the poor boxes set in public places as receptacles for gifts and merrits contributed by the poor and friendless may have a good dinner on Thanksgiving and Christmas.

### THROW AWAY YOUR EYEGLASSES!

A FREE PRESCRIPTION  
You can have fitted and use at home.

Do you wear glasses? Are you a victim of eyestrain or other eye-weakness? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says after trying it: "I was almost blind, could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully, now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days, everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules here is the prescription. Go to any active drug store and get a bottle of Opton, fill a two-ounce bottle with warm water, drop in one Opton tablet, and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you even a little take late. Many hopelessly blind might have been saved if they had cared for their eyes every time.

# SAYS PUBLIC MAY OWN EXPRESS

Parcel Post Causes Losses to Companies, Says David J. Lewis.

Purports to Show That Post-office Will Soon Govern Package Trade.

WASHINGTON, Nov. 20.—Under the competition following the inauguration of the parcel post system, the express companies of the country have sustained

to Representative David J. Lewis, co-author of the parcel post law. In making public today figures he had collected on the earnings of the corporation, Lewis prophesied that within the near future the postoffice department virtually would have a monopoly of the transportation of small parcels and that eventually the government might take over the express corporations in their entirety.

Lewis' figures purport to show that the profits of the five leading express companies, which control 95 per cent of the express business, had fallen steadily since 1911. During the twelve months of 1911-1912 these were represented to be in round figures, \$5,772,000 and in 1912-1913 this was said to have decreased to \$3,290,000. Last June, when the parcel post system had entered fully into competition, express profits were wiped out and in the one month a loss of \$420,000 according to Mr. Lewis was sustained by the five corporations in conducting their transportation business.

The Maryland representative announced today that he would lead a fight in the coming congress for government ownership of the telephone and telegraph lines of the country.

## STUDENTS SUSPENDED FROM SANTA CLARA

SAN JOSE, Nov. 20.—Seven students of Santa Clara University have been suspended as a result of a college demonstration last Thursday night, when they marched about the town of Santa Clara and sang college songs, against the orders of the university authorities.

The seven students are all prominent in athletic circles. They are: Arthur Ramo of San Jose, Guy Veit of Oakland, Louis Steiger of San Francisco, Benny Fitzpatrick of San Luis Obispo, Philip Towle of San Jose, John Sheehy of Watsonville and Alma Campbell of Elko, Nev.

The students will be allowed to return to school after Christmas, it is believed.

## CARL BROWNE FOUNDER OF A NOVEL CREED

WASHINGTON, Nov. 20.—Carl Browne, 71, known in the United States as the founder of "General" Brown's army, has started here "the first church of the Appeal to Reason."

"Mankind's greatest good here and hereafter and the search for further facts toward the conservation of all nature," Browne declares that this is the creed of the new church. The denomination was organized at a mass meeting held on Pennsylvania avenue, where Browne is a frequent speaker at street corners.

PARALYSIS CLOSED SCHOOLS. EUREKA, Nov. 20.—The discovery today of a twelve-year-old boy, residing near Arcata, suffering from infantile paralysis, resulted in an order to close all schools in the three districts here. The boy is said to be totally paralyzed from the hips down. This is the first case reported since the quarantine against Eureka was raised recently.

## This Lung Remedy Known Fifteen Years

If everybody who suffers from or is threatened with Lung Trouble would investigate the many cases where recoveries were brought about through the use of Eickman's Alternative, a remedy which has stood the test for nearly fifteen years, a strong opinion in favor of it would be the result. What it has accomplished for others it may do for you. Read this:

"Gentlemen: Last December I took a sudden cold which developed into pneumonia. The doctor did all he possibly could for me, but could not clear up my lungs. One day I saw a testimonial in one of the papers telling of the good results secured by using Eickman's Alternative. I began taking it and soon felt good results. My lungs began to clear up and I began to feel in strength and was soon well enough to take up my work again. I am in better health now than I have been at any time. I am a voluntary worker for the New York Home for Homeless and Friendless Boys." (Above abbreviated: note of request.)

Eickman's Alternative has been proven by many years' test to be most efficacious for severe Croup and Lung Affections, Bronchitis, Asthma, Hay Fever, Croup, Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Sold by the Owl Drug Co. and leading druggists. Write to Eickman Laboratory, Philadelphia, Pa., for booklet telling of recoveries and additional evidence.

## 'HARD LUCK SHIP' AT LAST IN PORT

Nearly Whole Crew Ill; Fire and Storm Menace Lives.

SAN FRANCISCO, Nov. 20.—With all but three of its crew of 23 men ill or suffering from the three-masted American sailing ship Arvan arrived late last night, 115 days from Baltimore. The vessel had been buffeted by wind and storm, threatened by fire and almost from the beginning was worked by a short-handed crew.

The Arvan, from necessity, shipped a crew of green hands from Baltimore. Only three owned to being sailors when they signed articles, and several even admitted that they had never been aboard a boat.

Trouble commenced almost from the day the ship left Baltimore, and when Cape Horn was reached the majority of the hands took to their bunks. A day out of Baltimore one sailor went to the captain and announced that he couldn't consider making the entire trip, and would like to be put ashore at the first port.

The first port was San Francisco, the captain agreed.

The Arvan was thirty-one days rounding Cape Horn. A heavy southwest gale was encountered which carried away topsails, as well as a large section of the bulwark.

The strenuous work connected with mending the ship and battling with the terrific wind proved too much for the green crew, and they quit cold. According to the experienced sailors, most of them were suffering.

Several of the sailors had only two or three days' rest instead of the full eight days' duty. On August 20 only two men were on duty when the blow hit the vessel.

On the morning of August 21 a fire broke out in the carpenter shop, and for a time the ship faced destruction. First Mate Funk fell to the deck during the storm off the Horn and received a dislocated shoulder, which was injured a second time when a week out of this port.

## SAN JOAQUIN TEACHERS IN STOCKTON SESSION

STOCKTON, Nov. 20.—The San Joaquin County Teachers' Institute is in session here. There are about 220 teachers in the county and there were over 200 present yesterday morning. C. E. Rush opened the annual gathering with a talk on a teacher's qualifications. He concluded his talk with an appeal to teachers to make themselves indispensable to their school by learning the ways of the community.

County Superintendent Anderson introduced Edward May, state superintendent of schools, who gave up his time to the discussion of the proposed teachers' pension law. The teachers were entertained last night by the Philomathean Club.

## FAILS TO REFORM, SO JAILS HIS SON

Paroled Youth Sent by Father to Serve Prison Sentence.

PORTLAND, Ore., Nov. 20.—Edwin T. Ayers Jr. of Dakota City, Ia., is sending his son back to Oregon to serve a term in prison. Convinced that the young man is beyond reform, the father is fulfilling his agreement with Judge Kavanaugh of the Circuit Court, although the result will be that his boy must become a convict.

Three months ago Edwin Ayers Jr. was arrested in Portland for a series of petty forgeries, whereby he swindled a number of local merchants with bad checks. His father, who is a banker in their home town, came to Portland and made good the losses. He pleaded to be allowed to take his boy home and try to reform him, and Judge Kavanaugh agreed, sentencing the boy to five years' imprisonment and then paroling him.

Several days ago Ayers Sr. wrote to District Attorney Evans confessing that his son had broken his parole by forging more checks. He asked to be permitted to send the young man to Australia on a sailing voyage that would last two years. This was refused by Judge Kavanaugh, and yesterday a telegram was sent stating the young man had started in custody of a lawyer for Portland to serve his sentence.

VICAR GENERAL DIES. WHEELING, W. Va., Nov. 20.—Rev. Mr. Joseph Mullen, vicar general of the Roman Catholic diocese of West Virginia, is dead of pneumonia. He was 73 years old.

## How to Make the Best Cough Remedy at Home

A Family Supply at Small Cost, and Fully Guaranteed.

Make a plain syrup by mixing one pint of granulated sugar and ½ pint of warm water and stir for 2 minutes. Put 2½ ounces of pure Pinex (fifty cents' worth) in a pint bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold almost instantly, and will usually conquer an ordinary cough in 24 hours. It tones up the jaded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste.

Also excellent for bronchial trouble, bronchial asthma, whooping cough and spasmodic croup.

This method of making cough remedy with Pinex and Sugar Syrup (or strained honey) is now used in more homes than any other cough syrup. This explains why it is often imitated, though never successfully. If you try it, use only genuine Pinex, which is a most valuable concentrated compound of Norway white pine extract, and is rich in quaiaccol and other natural

tions will not work in this combination. A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., 24, Wayne, Ind.

## ANNA HELD TO STAR WITH VAUDEVILLE ACT

Human interest, pathos and romance, comedy and tragedy are not often combined within the limits of a one-act play. They are so combined in "The Sign of the Cross," the playlet given by George Behan in the Anna Held Vaudeville Jubilee, a road vaudeville show which opens tonight at the Macdonough and stays through Friday, with daily matinees.

While the entire roll call of acts is given the title of Anna Held and her act, the Behan playlet is said to be the real feature of the bill. An Italian real figure, whose child is killed by an automobile, a banker whose baby has been kidnapped by the Black Hand, are the leading characters, with language, manners and ideas as far apart as the poles. They meet on equal ground in their love for their children, and with these men as the foundation, the story is prettily constructed and is kept richly replete with sentiment until the end.

Additional acts, beside the Anna Held vehicle, a musical comedy in miniature, from the Mongolian Archipelago, Ward and Curran in a sketch called "The Stage Door Tender," Francis and Florette, dancing artists; Hirschel Handler, a young pianist of wonderful proficiency; Charles Ahearn and company in a funny act of his proportions.

The next attraction after the vaudeville is the Vienna Opera company, in Johann Strauss' "Die Fledermaus." In the original German, which will be presented Saturday night, November 23.

## OIL MONOPOLY CHARGES WILL BE INVESTIGATED

DALLAS, Tex., Nov. 20.—A temporary restraining order issued in the federal court here today will result in a hearing of the charges made by J. R. Sharp, a Texas oil producer, that certain interests are seeking, in violation of the law, to monopolize the oil business in Texas. The order enjoins the industrial securities company, a Maine corporation, from voting 29,342 shares of stock of the Producers company, alleged to be held by it for the benefit of the Texas company, at a stockholders' meeting to be held at Houston on Wednesday. Sharp asserts that a contract between the Texas and Producers companies transfers all the oil wells of the former in Texas, Louisiana and Oklahoma to the latter.

The next attraction after the vaudeville is the Vienna Opera company, in Johann Strauss' "Die Fledermaus." In the original German, which will be presented Saturday night, November 23.

# Want Us to Put \$10.00 in Your Bank?

Might just as well increase that slow-going balance by a ten-spot and go better dressed at the same time. The Ten'll give you the absolute right to put on the extra front this step will give you.

Don't go in shoddy clothes when \$25.00 suits can be had from us any day in the year at fifteen dollars. You get \$25.00 in materials, \$25.00 in style, \$25.00 in make and finish, and still walk away with only \$15.00 spent—and the rest in your jeans on the way to your savings bank.

It's quite natural, too. We save several thousand dollars a month on our second floor rent, which is ever so much lower than our expense in that line would be had we stuck to the old style way of opening a clothing business. Other expenses, such as those of fixtures, display material and superintendence, all are lower on the second floor, and so this positive saving of a ten-dollar bill on any \$25.00 suit you buy here at \$15 is a direct consequence of our low expense way of carrying on this up-to-date clothing business on the second floor.

## CLOTHES MUST BE IN SOUL HARMONY

Dr. G. S. Peterkin Holds Unique Theory Regarding Attunement to Moods.

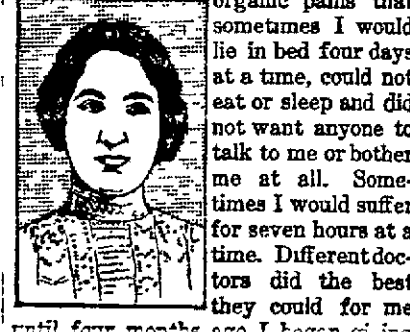

CHICAGO, Nov. 25.—Dr. G. S. Peterkin of Seattle believes in the sympathetic carb. The doctor, who is here attending a series of meetings of physicians and surgeons, says so himself. He declared most positively today that there should be perfect harmony between a surgeon's clothing and the mood he has in his operations.

"An artist is shocked," said the surgeon, "when he sees colors that do not harmonize. A musician feels like tearing his hair when there is lack of sympathy. I cannot operate successfully unless the attire I wear is in sympathy with the particular mood I am in. Let every man wear the colors that suit his

Auburn, N. Y.—"I suffered from nervousness for ten years, and had such organic pains that sometimes I would lie in bed four days at a time, could not eat or sleep and did not want anyone to talk to me or bother me at all. Sometimes I would suffer for seven hours at a time. Different doctors did the best they could for me

until four months ago I began giving Lydia E. Pinkham's Vegetable Compound a trial and now I am in good health."—Mrs. WILLIAM H. GILL, 15 Pleasant Street, Auburn, New York.

"Doctor's Daughter Took It."  
St. Cloud, Minn.—"I was so run down that I could not stand it to have my children talk aloud or walk heavy on the floor. One of my friends said, 'Try Lydia E. Pinkham's Vegetable Compound, for I know a doctor's daughter here in town who takes it and she would not take it if it were not good.'"

"I sent for the Compound at once and kept on taking it until I was all right."—Mrs. BERTHA M. QUICKSTADT, 727 5th Avenue, S., St. Cloud, Minn.

Lydia E. Pinkham's Vegetable Compound may be relied upon as the most efficient remedy for female ills. Why don't you try it?

might drive him to clothes that would put a damper on his ambition."

**GOWNED FOR OPERATION.**  
As the physician talked the reporter noted his attire and was glad that it was not to be operated on by the doctor in the clothes the latter was then wearing. His mood would have been far from sad and serious. This is a leaf from the reporter's note book.

Mousse colored velvet hat.  
Brown overcoat.  
Check suit of gray and blue and brown color.  
White and dark yellow striped shirt.  
Orange tie.  
Olive green garters.  
Brown shoes.

The doctor also believes in patriotism plus clothes.

"If a man is patriotic," he declared, "and wakes up some fine morning to find he is in the spirit to lay down his life for Uncle Sam—if he cares to bedeck himself in a coat and trousers with the colors of the national emblem—who has the right to think him out of his mind? That man's mood is in direct line with his clothes and I venture he will do a better day's work for it."

**PLAN DIRECT SERVICE TO EXPOSITION GROUNDS**

Details of the plan for a direct ferry service from Oakland to the Panama-Pacific Exposition during 1915 were outlined yesterday at the session of the committee of the Oakland Commercial Club appointed to take up the matter. With the committee there met railroad officials representing the San Francisco-Oakland Terminal Railway Company, the Southern Pacific and the Western Pacific and it is expected that one of these roads will put a boat into operation for the service as planned.

Oakland's estimated fair attendance was gone into, and the business advantages of such a ferry service urged. A committee of five to finally act on the matter is to be appointed by J. H. King, chairman of the committee and will consist of a representative of each railroad interest, a representative of the exposition and a representative of the Commercial Club. This committee will report December 13.

R. B. Hale, representing the exposition, declared that the exposition will hold ferry slips if it is decided to complete the plan.

## Intellectual Culture

By LILLIAN RUSSELL

(Copyright, 1913, By Lillian Russell.)

INTELLECTUAL culture is essential to feminine beauty as to masculine beauty. Shining tresses, rosy cheeks, and a doll-like prettiness may be consistent with an insane or shallow mind, but no face through which active intelligence does not look forth can justify claims to beauty in any strict sense, beautiful. Only persons of a low order of development can be permanently pleased with it.

The would-be belle who neglects the cultivation of her mind for the mere adornment of her person will seldom have success in the long run. Intellectually, she is not only less attractive than the woman who has cultivated her mind, but she is also less capable of enjoying life.

But a woman differs from a man, mentally as well as physically. She requires an education differing in kind from that demanded by the man. Her development is not merely a matter of the intellect, but of the whole person. She must have a culture that is as broad as it is deep, that is as practical as it is ideal.

Physically woman has a relatively larger development of the vital system than man and a relatively smaller development of the muscular system. Mentally they are equal. Woman has naturally stronger domestic instincts and more active moral sentiment and principles, but less executive ability than man. Now, any kind of education which has a tendency to destroy these fundamental differences must be radically wrong and destructive to the harmony which nature loves and health and beauty require.

No one can insist more strenuously than I desire to do upon the importance of the most liberal culture of the female mind. But I must at the same time protest against any and every system of education which ignores the existence of sex in mental manifestations.

Remember: Culture, adapted to each, will give to each new charm; will make man more manly and woman more womanly. And it is through such culture only that we shall be able to improve the beauty or the mental or physical character of either.

## Mother Not Ill-Treated, Says McClaughry

### He Replies Vigorously to Double Charges

### Declares Legal Action Is Merely a "Hold-Up"

AN FRANCISCO, Nov. 23.—Hull McClaughry, former husband of Anita Baldwin McClaughry, daughter of "Lucky" Baldwin, came back yesterday with a brisk answer to the claim, just advanced by his half-brother, William H. Russell, and his half-sister, Mrs. Alice J. Violet, that he had illegally property worth \$250,000, which

MAUD ALLAN, WHO DANCED AT BOMBAY YESTERDAY DESPITE PROTEST OF THE AUTHORITIES.

has particularly been prominent in the suit.

McClughry stated flatly that the suit was a "plain holdup," and he further repudiated their statement that he had joined with his late father, S. C. McClaughry, in ill-treating his mother. McClaughry said:

"They have been after money all their lives—seeking it from my father and mother and from me. And they have received from time to time very large and substantial amounts. A portion of the money has been given to me."

In regard to the charge that my father coerced my mother into giving away property to him or to me, I desire to state that in 1914 my father decided everything he had in the world to my mother. He never asked for its return."

### SUPREME COURT RULES AGAINST DOCTOR

OLYMPIA, Wash., Nov. 23.—For the third time the state supreme court today ruled against Mrs. Linda Burfield Hazard, commonly known as "the starvation doctor," in her appeal from the sentence of two to twenty years in the state penitentiary imposed by the Kitsap county superior court for causing the death by starvation of Miss Clara Williamson, a wealthy English woman, who died while in Mrs. Hazard's care more than two years ago.

The supreme court had previously sustained the lower court and denied a rehearing, and Chief Justice Norman B. Crow has denied a writ of error permitting her to appeal to the supreme court of the United States. Justice Crow held that no federal constitutional question was involved. Unless Mrs. Hazard can obtain an order from one of the federal supreme court justices directing the Washington court to issue the writ she must serve her sentence.

Counsel for Mrs. Hazard sought to overthrow the verdict of manslaughter returned to the jury in the lower court on the ground that as the defendant was accused of murder in the first degree a verdict of manslaughter was illegal, murder being a deliberate crime, while manslaughter indicates only carelessness.

### DAUGHTER OF BISHOP TO WED AT ALTHEA

BOSTON, Nov. 23.—As a sequel to Harvard's football victory over Yale on Saturday came the announcement yesterday of the engagement of Ellmore, daughter of Bishop William Lawrence of the diocese of Massachusetts, to Lewis Hunt Mills, a Harvard football player and oarsman. Mills, whose home is in Portland, Ore., was a sub-tackle in the game with Yale. He rowed in the varsity eight at New London in 1912 and 1913.

### MRS. STOCKER WILL NOT ABROGATE CONTRACT

LOS ANGELES, Nov. 23.—Mrs. Clara Baldwin Stocker will not at this time grant the request of the directors for the Los Angeles Investment Company to abrogate the contract made for the purchase of \$500 acres of land in the city of Los Angeles. The directors wanted Mrs. Stocker to turn over a portion of the ranch for the \$3,250,000 already paid and take back the balance.

### WHITE GIRLS HELD IN NEGRO RESORTS

PORTLAND, Ore., Nov. 23.—Conditions here were less than those which brought about the conviction of Jack Johnson, the heavyweight champion boxer at Chicago, a year ago, were exposed by police officers yesterday following a raid on the St. Francis Social Club, 108 North Ninth street, when James Hall, president of the organization, composed of colored men, was arrested on a technical charge of violating the model liquor ordinance and two minor white girls were taken into custody.

Miss Annie Baldwin McClaughry, the other half-sister, had previously refused the request of the directors to sell the ranch for \$500,000 already paid and take back the balance.

McClughry stated flatly that the suit was a "plain holdup," and he further repudiated their statement that he had joined with his late father, S. C. McClaughry, in ill-treating his mother. McClaughry said:

"They have been after money all their lives—seeking it from my father and mother and from me. And they have received from time to time very large and substantial amounts. A portion of the money has been given to me."

In regard to the charge that my father coerced my mother into giving away property to him or to me, I desire to state that in 1914 my father decided everything he had in the world to my mother. He never asked for its return."

### SUPREME COURT RULES AGAINST DOCTOR

OLYMPIA, Wash., Nov. 23.—For the third time the state supreme court today ruled against Mrs. Linda Burfield Hazard, commonly known as "the starvation doctor," in her appeal from the sentence of two to twenty years in the state penitentiary imposed by the Kitsap county superior court for causing the death by starvation of Miss Clara Williamson, a wealthy English woman, who died while in Mrs. Hazard's care more than two years ago.

The supreme court had previously sustained the lower court and denied a rehearing, and Chief Justice Norman B. Crow has denied a writ of error permitting her to appeal to the supreme court of the United States. Justice Crow held that no federal constitutional question was involved. Unless Mrs. Hazard can obtain an order from one of the federal supreme court justices directing the Washington court to issue the writ she must serve her sentence.

Counsel for Mrs. Hazard sought to overthrow the verdict of manslaughter returned to the jury in the lower court on the ground that as the defendant was accused of murder in the first degree a verdict of manslaughter was illegal, murder being a deliberate crime, while manslaughter indicates only carelessness.

# CITY PLANNING CHRISTMAS JOYS

Concert and Entertainment to Be Biggest Ever Given on Coast.

The Celebration Includes Many Unique Features Besides 50-Foot Tree.

A chorus of more than 800 men and women, members of the various singing organizations of Oakland, assisted by an orchestra and forty or more amateur violinists, will entertain the residents under the auspices of the municipality at the monster Christmas Eve celebration to be given in City Hall square.

The concert and entertainment planned for Christmas eve is the biggest and most unique of the kind ever given by any city on the coast. Miss Ethel Moore, president of the playground directors, has charge of the entertainment feature of the celebration, and will tomorrow appoint a committee of leading musicians and choirmasters to take up the further details.

The city hall will serve a new purpose for the occasion. It will be used as a sounding board. The platform on which the singers and musicians will be placed is to be erected against the Washington street entrance of the building. The volume of sound will be thrown back to the crowd by the granite walls of the structure.

Glen C. Woods, recently appointed musical director of the Oakland school department, will be asked to serve as director. Members of the Orpheus, Euridice and other choruses, the German and Swedish singing organizations will participate in the singing of Christmas carols and sacred music symbolical of the occasion. Several professional soloists may also sing.

The orchestra will be composed of local talent entirely. In addition to the regular orchestra a band of forty or more violinists, students in local conservatories, will play.

The park department will arrange for the planting of a fifty-foot Christmas tree in the center of the City Hall plaza. The municipal electrical department will complete the task of making the celebration a success by stringing thousands of vari-colored lights in the branches of the huge tree.

Street Commissioner William J. Bacous will work his department officials hard to complete the paving of Washington street in time for the night of the celebration.

# DETENTION OF ZELAYA IS ORDERED

Former President of Nicaragua Is Hunted in New York.

Wanted for Execution of Two Americans, Groce and Cannon.

WASHINGTON, Nov. 25.—Although no application has been made to the state department for the extradition of former President Zelaya of Nicaragua, the department of justice has been requested to cause his provisional detention.

Under what phase of law the detention is sought was not developed early today, though it was regarded as possible by the officials of the state department that an application for the filing of a formal application for his extradition to Nicaragua and that only the arrival of the papers is necessary to initiate the formal proceedings.

While all officers refused to discuss the reason for Zelaya's detention it was generally supposed to be charge of murder, connected with his summary execution of Cannon and Groce, Americans, in Nicaragua in 1908, which led to the upheaval which ended in Zelaya's flight to Europe and a revolution which threw his party out of power.

END NO TRACE.

NEW YORK, Nov. 25.—United States Marshal Henkel said today that he had no trace of General J. Santos Zelaya, the former president of Nicaragua, for the arrest of whom the department of justice issued a warrant yesterday. He is accused of causing the execution of Groce and Cannon, Americans, in Nicaragua, and the warrant calls for his extradition to this country for trial Zelaya was last seen on Saturday at a hotel where he had been staying in this city. One report has it that he had since fled to Canada. The general's baggage was still at the hotel uncalled for today.

Since his arrival in New York from Spain, November 1, Zelaya has stopped at several hotels, moving when he became aware that secret service agents were watching him. He has not been seen since last Saturday and it is presumed that he left New York on that day. It was rumored today that he had fled to Canada.

COURT-MARTIALS HELD, CLAIM. Zelaya, in statements made while here, maintained Groce and Cannon were executed after having been tried and condemned to death by court-martial.

It is said that the Nicaraguan assembly made the request for the extradition of Zelaya through Secretary of State Bryan and that the warrant for his arrest was issued at the request of Attorney General McReynolds.

After Cannon and Groce had been put to death by orders of Zelaya, four years ago, Secretary of State Knox handed the Nicaraguan charges against Zelaya to the State Department and announced that Zelaya would be held "personally responsible" for the deaths of the two Americans. Zelaya fled to Mexico, but was sent to Nicaragua, but Zelaya fled the country through a Mexican gunboat and took refuge in Mexico. From Mexico he went to Europe, where he remained until recently.

# Cake Is Masterpiece Largest of Record

WASHINGTON, Nov. 25.—There are wedding cakes and wedding cakes, but the pastry that graces the wedding table in the White House today surpasses anything ever produced in that line in this country, not excepting even the wedding of Miss Alice Roosevelt at the White House in 1906.

The cake was baked in New York city by Mme. Blanche Le Relac, aided by several assistants, who exercised all of their ingenuity and skill to make it the acme of perfection. Mme. Le Relac has baked cakes for many distinguished brides, among them Miss Roosevelt, Miss Vivian Gould and Miss Logan of Washington.

ribbons, hung many pieces of duplicate cakes, placed in small boxes bearing the initials "S.-W." These were for distribution among the wedding guests.

The original cake weighs 130 pounds, is 28 inches in height, all told, the lower layer alone being 10 inches high. The upper layer is 15 inches high. The circumference was given as 22 inches.

According to Mme. Le Relac, 19 ingredients were used in the making of the cake, including raisins, currants, red currant jelly, brown and white sugar, eggs, flour, spices, sherry, rum and brandy.

Three pastry bakers worked on the cake for days, it being finally baked in five sections. The additional cakes baked for distribution to wedding guests weighed altogether more than 1000 pounds, which brings the total weight of the Wilson wedding cake or cakes up to 1130 pounds.

Except for old-fashioned English white icing, the cake itself was undecorated. The icing was worked into fancy designs, however, with the initials "W." and "S." done in silver threads. A bouquet of orchids rested in a Persian vase on the top of the cake.

# STUDENT KISSES MOTHER, MISSING

Arthur Beam, Aged 19, Vanishes From Home

After kissing his mother goodbye and promising to keep an appointment with her later in the day, Arthur Beam, of San Francisco, aged 19, a student at the Oakland Polytechnic business college, disappeared yesterday. Search on the part of his relatives failed to unearth any clue to his whereabouts and today the police of the bay cities were asked to begin an investigation.

The young man resided with his father and mother, Mr. and Mrs. Liebert, at 1450 Washington street, San Francisco. He left home at 8 a. m. carrying his lunch and making an arrangement to meet his mother at a local piano house in the afternoon at a tryout. He is a talented pianist and also has a good voice.

"I cannot think where he would go," explained Mrs. Liebert. "I believe, however, he has come under the influence of some stronger mind and run away. Once before he left home, going to Woodland. He has been a truant. He is an electrical engineer, but school has been rather irksome to him as he did not go last Friday. I remonstrated with him and he promised not to do so again."

Liebert, the lad's stepfather, is employed by the Western State Life Insurance Company and the family formerly resided in San Jose.

# HITCHCOCK IN DEFENSE OF BILL

Substitute Currency Measure Agreed on by Opposition, Discussed in Senate.

Senator Points Out Importance of Banking Legislation to Country Generally.

WASHINGTON, Nov. 25.—The struggle in the open Senate over the administration's second great legislative measure, the currency bill, which was opened yesterday with a short statement by Senator Owen, the administration leader, was continued today when Senator Hitchcock, also a Democrat, took up the defense of the substitute bill agreed on by the opposition faction in the Senate banking committee.

Senator Hitchcock pointed out the importance of currency legislation to the country generally.

"President Wilson, in making currency reform an administration measure has met and received the praise of the whole country," he said. "His wisdom and his courage in bringing this needed reform to a practical issue is to be highly commended. Nothing less than presidential influence would have made banking and currency reform possible for some time. I voted up to the President of the United States, more readily because I have frankly opposed him when he urged hasty action which I deemed dangerous."

The Senator reviewed the difference between the bill which he presented and that presented by Senator Owen and dwelt at length on the provision in his draft to make the four regional banks publicly owned and government controlled. He declared that the House bill and the Owen bill were faulty in that they forced the banks to turn up a part of their present capital for the new system.

"To take away from these individual banks at one sweep one-tenth of their cash capital was, in my opinion, a mistake; it was to aggravate the evil of lack of capital, which already existed, and still further reduce the margin of safety for the depositor. And so, I have joined in reading an amendment by which capital in the regional banks, instead of being supplied by the banks themselves, is to be supplied by the people of the United States."

Senator Hitchcock said that his plan contemplated regional institutions at New York, Chicago, St. Louis and San Francisco. He presented the division of capital and the business of the country among these banks and described the uses of the four institutions to the banks and borrowers of each district.

SHAFROTH SUPPORTS WILSON. Senator Shafroth, one of the Democratic committee members, who helped prepare the Owen bill, spoke after Senator Hitchcock, supporting the administration measure.

Senator Owen gave notice today that he intended to keep the Senate hard at work on the currency bill until it is disposed of.

"It is costing the country \$5,000,000 a day to delay this currency bill," he said. "I propose to keep the Senate in session until 6 o'clock every evening, and to insist on consideration of the currency bill in all the spare time the Senate may have."

Senator Pittman declared he would insist on the agreement to consider the Hatch Hatchy bill from December 1, to December 6.

Democratic senators at a conference tomorrow morning will take up a program to hurry the bill along and to develop views.

## COLD STORAGE INVESTIGATION BEGINS

Will Probe Charge That Conspiracy Exists to Maintain High Prices.

WASHINGTON, Nov. 25.—Another federal investigation into the high cost of living was begun yesterday. If the investigation confirms charges of a conspiracy to maintain or force higher the prices of cold storage products it is probable that Attorney-General McReynolds will institute criminal prosecutions.

A congressional investigation of a different phase of the high cost of living problem also was threatened.

REASONS FOR INVESTIGATION  
The preparations for a meat investigation were prompted by an announcement that the department of justice are sifting charges that eggs, poultry and dairy products are being piled up in cold storage to maintain high prices and even force them higher. Fred A. Britten, representative from Illinois, is preparing to ask for a congressional investigation into prices of meat.

WOULD FIND REASONS.  
In announcing that he would ask for a congressional investigation of the navy's beef contract, Mr. Britten declared he wished to develop the reason the public could not benefit by the advantage of buying from Australia if the navy could do so. Representative McKellar of Tennessee has pending in the House a bill to prohibit interstate transportation of any food products kept in cold storage more than ninety days. He contends its enactment into law would go far toward solving the cold-storage question. Agents of the Department of Justice took up their work today in all the principal cities. They will report particularly on eggs and dairy products and will attempt to make an estimate of the quantities in cold storage and how long they have been there.

SUGAR ALONE CHEAPENED.  
Statistics systematically gathered by agents of the Department of Labor and made public here from month to month show that in all the principal industrial centers of the United States the prices of foods needed by the average workmen's family have steadily soared for the last twenty-three years and in a great many instances have passed the high prices of 1907. Sugar, according to these statistics, is the only commodity showing a reduction.

Any congressional investigation will be separate from the Department of Justice. Attorney-General McReynolds' agents will make their reports direct to Washington and what evidence is gathered will be weighed to determine whether there are any grounds for prosecution.

## Norcross to Appear Before Grand Jury

SAN FRANCISCO, Nov. 25.—David Norcross, secretary of the Western Fuel Company, the wealthy magnate of which are soon to be prosecuted for contempt of court, Attorney Theodore Tilton, special prosecutor, said today that he might not press the contempt charge, but might take Norcross before the grand jury tomorrow afternoon. This may mean that the secretary has agreed to produce the books of the corporation. His failure to do so before led to the contempt accusation, which has been upheld by the Circuit Court of Appeals.

The Western Fuel officials, charged with conspiracy to defraud the government on coal weights, will have their trial next month.

## Wife of Author Is Granted a Divorce

SAN FRANCISCO, Nov. 25.—On the statement of Alan Osborne that he had not seen his father for seven years, Mrs. Katherine Osborne was granted a divorce by Judge Morgan today from Lloyd Osborne, writer and traveler and the late Robert Louis Stevenson. The only accusation made by Mrs. Osborne, who resides at 1100 Lombard street, this city, was that her husband was a corroborating witness. The divorce proceedings to have occurred in 1906 and the testimony showed that Osborne had been in the city last year but he had not visited his family. He is at present in Europe.

It is a real miniature racing car; guaranteed to carry 350 pounds at a speed of from 10 to 12 miles an hour, according to the skill and endurance of the driver. The Pedalmobile is made of the best quality of steel and has three speed controls—low gear for starting and general hill climbing; high gear for fast driving and on level places; neutral gear for coasting.

## DE FREMERY HOME LOOKS LIKE NEW

Renovation Works Wonders With Quarters of Working Girls' Club.

For the first time since it became the property of the city, the de Fremery home in de Fremery park is being entirely renovated under the direction of George E. Pickles, superintendent of playgrounds. The house has been repaired and wired for electricity, and is being renovated inside and out. The work will be completed within two weeks.

That performance may be given by members of the three working girls' clubs which Miss Bernice Chambers maintains at the de Fremery club house. Dickie has had a stage added to the equipment of the place. It is movable, and is stored away when not in use.

A kitchen and dining room has also been added. That the girls may hold parties and banquets in the club house, Miss Chambers has three clubs under her charge. The members meet weekly in the club house, which is now the recreation center for the entire neighborhood.

The three clubs are the Bonita, for girls of 18, 19 and 20; the Sans Souci, for women of over 20, and the Xela Club, for girls ranging in age from 18 to 22 years.

## Clear Track for Turkey Specials

The first of the two special turkey trains for the holiday season arrived at Oakland pier last night and the second is due tonight. They come from the west side of the Sacramento valley, the chief source of supply. A special car came from Redding and north of Red Bluff. By the time the train reached Davis there were six cars. Three more were picked up in the Elmira and Vacaville districts. The cars each contain about fifteen tons of turkeys.

Besides this, all Southern Pacific trains are carrying special turkey cars. They come from the Galt and Jones branches, from the Chico branch and from the San Joaquin valley.

The total shipments in to the bay cities is predicted to reach over 200,000 pounds for the Thanksgiving season.

## COMPROMISE ENDS EMERY LITIGATION

Grandmother to Have Custody of Minor Children Each Month.

Two grandsons of the late J. S. Emery, founder of the town of Emeryville were made the subject of a compromise today when Superior Judge Ogden settled a controversy, which has been pending for some time over the guardianship of Joseph, age 8, and Ralph D. Emery Jr., age 4 years, sons of Ralph Emery.

The grandmother, Mrs. Katherine Short Kennedy, wife of the former superintendent of the Olympic Club, contested a petition brought by the father for the custody of the children. The case threatened to be warmly fought. The petition was filed both in Alameda and San Francisco counties, but was transferred last week to this county.

By the terms of the compromise, accepted by Judge Ogden today, the grandmother is to have the custody of the children twice each month, from Friday afternoon until the following Monday morning. In the interval they are to be in custody of their father. Judge Ogden declared that the father was the natural guardian and there was no good reason shown why he should not be entitled to their company.

The mother of the children died on October 1, last year, and it was then that the grandmother sought to obtain the children, declaring that the father was addicted to drink and intimating that he would neglect them.

## SHOPGIRLS TRAP ELEVEN 'FLIRTS'

Three Men Go to Prison as  
Result of "Queen-  
ing."

NEW YORK, Nov. 19.—Flirting in de-  
partment stores is liable to get any man  
into trouble before a crusade started by  
the police against mistresses is over, in  
which many more arrests are promised.

Three young men who were bent on flirt-  
ing were trapped by four shopgirls who  
had been enlisted by the police.

Magistrate House sentenced two of the  
flirts to Blackwell's Island for thirty  
days each. The third escaped with a  
term of twenty days.

Commissioner Waldo received a letter  
a week ago from Miss Jean W. Camp-  
bell of New York N. Y. who told how  
the salesgirls were subjected to insulti-  
ng by men flirts in the department stores.

Detective Captain, Mrs. Elizabeth  
Goodwin, a fast-talking detective, and  
Mrs. Adele Press, matron, were detail-  
ed to make an investigation.

In an untidy store four of the prettiest  
girl clerks volunteered to assist the de-  
tectives. They were Amelia Meyer, No.  
122 West Sixty-second street, Frances  
Siebert, No. 124 Madison street, Brook-  
lyn; Ida Klein, No. 104 Lenox avenue,  
and Annie Flanagan, No. 47 East Eighth  
street.

Eleven men were arrested and taken  
to Yorkville court. They were John Har-  
rison, No. 347 East Sixty-third street; Daniel  
Sager, No. 228 Clinton street; Charles  
Koran, No. 340 Caldwell avenue; Samuel  
Rosenthal, No. 117 East One Hundred  
and Seventy-fifth street; Louis Goldberg,  
No. 132 Wingford place, the Bronx;  
Robert Sager, No. 424 Kelly street.

Nathan S. Breckman, No. 107 West  
Thirty-fourth street; Sol Rosenfeld, No.  
831 Cauldwell avenue; Henry Goldberg,  
No. 22 East Twenty-fourth street; and  
Bernard Goldman, No. 785 Tinton av-  
enue.

Harrison and Koran were sentenced to  
thirty days each in the cityhouse-  
while Sager, who had only winked at  
one of the girls was sentenced to twenty  
days.

POLICE OFFICERS SHIFTED.  
SAN FRANCISCO, Nov. 25.—A  
half dozen police officers of the  
Southern district were shifted to out-  
lying sections in order to relieve them  
from arduous duties by direction of  
Chief White today. Transfers from  
other companies were made to com-  
plete the change.

# McCarthy Gets His Opportunity to Acquire Fame

## FIGHTING BRICKLAYER THINKS HE CAN REPEAT

But Oakland Fans Cling, as Usual, to Burns at Even Money.

ANTE BELLUM STATEMENTS.  
(By FRANKIE BURNS.)  
McCarthy is a mark for me. True, he shaded me in a four-round bout, but when they see me in action tonight they will think I was talking to him before. The twenty-round route is my game and I feel sure I will knock Mc-

Carthy better than I did Burns. I was too anxious to rock him to sleep and sufficed my boxing. Oakland will still have a premier contender for the title after I finish with McCarthy.

(By JOHNNY MCCARTHY.)  
I beat Burns once and any time a man times the Oakland boxer he can repeat at will. Burns is afraid of me right now and he will be the most scared person I ever saw when he enters the ring. I have figured out a plan of battle which will bring home the bacon for me and I will be a champion.

At 150 pounds I am at my best and will carry the fight to Burns in every round. There will be a lot of bloom in Oakland after the battle.

(By THE TIMEKEEPER.)  
The pugilistic future of Frankie Burns is decided tonight when he meets Johnny McCarthy in a 20-round bout at the Pavilion.

Frankie Burns, who returned the winner he will have to be reckoned with in the candidates for the title. Tonight will mark the turning point of Burns' career in the ring and his fate rests on his hands. Burns is a champion and he will be a champion. Burns is a champion and he will be a champion. Burns is a champion and he will be a champion.

OUR LONE CANDIDATE.  
The local fans are making the greatest interest in the outcome of the battle tonight. Burns is our sole representative of class in the lightweight division and Burns is our sole representative of class in the lightweight division.

McCarthy is a champion and he will be a champion. McCarthy is a champion and he will be a champion. McCarthy is a champion and he will be a champion. McCarthy is a champion and he will be a champion. McCarthy is a champion and he will be a champion.

GRANEY A GOOD CARD.  
An added attraction to the card will be the appearance of Eddie Grane, the peer of all heroes as third man in the ring. Eddie has been seen in action since he held Willie Ritchie's right arm aloft last Wednesday.

McCarthy is a champion and he will be a champion. McCarthy is a champion and he will be a champion. McCarthy is a champion and he will be a champion. McCarthy is a champion and he will be a champion. McCarthy is a champion and he will be a champion.

## BREEZY BITS by Billy Fitz

LET BRICKLEY DO IT!  
When Mrs. Pankhurst up and blows (Whole saying she she ought to)  
What line of ball will this Jane pull  
To all her female army fall  
Of brand new lust for slaughter?

How profit most by this short tour;  
(Aside from lecture spinning)  
How grab the vote and British goat;  
By what she happened here to note  
Concerning ways of winning?

(The end of this approach)  
John Bull will damn your Uncle Sam  
And "Pank" will evolve each sham  
Upon a football diagram.  
And hire Harvard coaches!

FAMOUS PLAYS IN HISTORY, NO. 7.

The year the Puritania pennant was won by the Puritania hands down. President Longfellow introduced to the fans a young fielder named Miles Standish, who was a first-class player. John was a sweet ball player and a great fielder. He was a great fielder and a great fielder. He was a great fielder and a great fielder. He was a great fielder and a great fielder.

Probably Huerta is waiting to see the result of the Navy football game. If the Army wins by a big score the Mexican chief will pull a marathon.

We are patiently waiting Jack Neville's alibi. Is possible that profs don't carry such things?

SPEAKING OF OPBY HOUSES.  
Of all sad words of tongue or pen,  
The saddest are:  
"We're leaving again."

"Battling Levinsky" is said to be a second Joe Choynski, the chief point of resemblance, no doubt, being his nose.

Perhaps the fact that Cal's new ball park adjoins the cemetery is the reason such a dead silence prevails concerning it. It is not like Cal to be so bashful.

WE ARE SAVED!  
Dear Billy: This is to wise you that if you have no previous tangle for Thursday you can have some eats into your gash at the shanty. We propose crowding the usual meeney into our chairs. Do I get a Carnegie medal? B. A. X.

We are not able to announce the winner of tonight's scrap, having failed to learn which way Dick Adams placed his money. Dick is inclined to pick Burns, our readers are horrified to place the roll on McCarthy.

The best Dick ever got in his life was a draw.

The only thing that Rivers can gain by beating Leach Cross Thursday will be another chance at Willie Ritchie. If Joe is a wise muchacho he'll let it go.

Billy Papke admits he's too fat to fight. Strangely enough, he had rather suspected it for the past few years.

The Harvard professor who says that few people eat aristocratically is surely a dish of spaghetti and trying to keep his ears from getting wet.

Glancing over Coffroth's remarkable fight schedule we fail to note a Langford-Jeanette. Surely the promoters will not be cruel enough to ignore a time-honored custom.

After he has worked for that brewery all winter Overall will probably be the possessor of a new curve (around the waist line).

Comes now the talk of an outlaw league in California. Nothing remains for the winter scribe to do but to resurrect his grandmother joke and predict the 1914 pennant winner.

which will be staged at the Pavilion on December 4. Duffy is trying to arrange an all-star lightweight card with Tom Nickola, Fritz Holland and Stockyards Tommy Murphy as some of the attractions.

Soldier Logan didn't do any boxing yesterday for his Thanksgiving day match with Jimmy Clabby. Logan was busy in the gymnasium, however, and finished the work weighing a half a pound under the 155 pound notch.

Clabby was a bit of a loser in his glove work and went six rounds at Mitchell's place in Colma. He took on Willie McLean for three rounds and went three more with Jimmy O'Donnell. Clabby did his last boxing today.

Judging from the betting, the public does not figure that Logan has a chance with Clabby. The price has steadily ranged from 10 to 7, to 10 to 4, with no change in sight.

Frank Rome is looking for Joe O'Connor with an ax and a collection agent. He has hired him to act as sparring partner and then watched on the bill, claiming that Rome's assistance as a boxer was a "cheap" one. "Maybe he'll think I'm a pretty good fighter after all, when I get through with him," opined Rome.

The West Oakland club probably will not stage its show next month. Frenchy O'Leary in the mean time has contracted a severe cold, according to his manager, Joe O'Connor, so that it would be impossible for him to put up a fair showing against O'Leary.

The date, which is December 3, was offered to Jimmy Rohan of the Wheelock club, but Jimmy has other plans under his hat so he refused the offer. The West Oakland club matchmakers are working round trying to fill the date but it is not likely that they will succeed.

Duffy Lewis, who has achieved fame as an outfielder for the Boston Red Sox, is sampling a Boston winter game, instead of making the usual game here.

WILL HE THINK?

BRICKLEY BUT TIED ECKERSALL.

CHICAGO, Nov. 25.—Victor Eckersall twice kicked six goals from the field in games while he was quarterback on the University of Chicago eleven. He kicked five field goals in 1907 against the University of Illinois and five goals in the game with Nebraska in 1906. Eckersall was a great field goal kicker.
